RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

S I R :

Responsive to the Notice of Non-Complaint Amendment dated November 1, 2002, a clean copy of claims 1-12, which were amended on April 9, 2001 by a Preliminary Amendment, is provided below in compliance with 37 C.F.R. § 1.121(c)(1)(i). A minor additional revision to claim 9 is also made herein.

Clean Copy of Amended Claims 1-12

1 1. (Amended) A device for use as a readily portable device for
2 intermittent compression of human extremities for assisting the return of body fluid
3 in the direction of the heart, said device comprising a cuff to be applied to an
4 extremity and a miniature pressure generator for intermittent pressurization of the
5 cuff, wherein said cuff has, in the direction of return, a width of at most 25 cm and
6 is configured as a single-chamber system.

1 2. (Amended) The device as set forth in claim 1, wherein said
2 cuff corresponds to a cuff as used for blood pressure measurements.

1 3. (Amended) The device as set forth in claim 1, wherein said
2 pressure generator is a roller pump.
